Abstract: According to regulations of the Ministry of Education and Training, the requirement for students with a university degree is foreign language Competency Framework. To achieve level 3/6, student must take the Cambridge PET level test with 4 skills: Listening, Speaking, Reading, Writing. Among these 4 skill, Writing is considered to be the difficult one. ChatGPT is an AI tool with the ability to generate natural texts, opening up many opportunities for learning and improving Writing skill in many fields including Writing Part 3 level 3/6. In this article, we will consider the important role of ChatGPT in improving writing skill, provide detailed instructions on how to use ChatGPT in Writing Part 3.

Keywords: ChatGPT, Writing Skill, the Vietnam National Qualifications Framework

1. Introduction

ChatGPT is an advanced conversational AI developed by OpenAI, designed to assist you with a wide range of tasks. Whether you need help with writing, researching, brainstorming ideas, learning new concepts, or just having a friendly chat, ChatGPT is here for you.

ChatGPT allows you to chat like a human, and what's more special is that it has the ability to interact in the form of conversations similar to the way two people interact. This makes most users extremely surprised.

Chat GPT is considered one of the most advanced language models today with the ability to automatically learn and work with large types of data. It is equipped with outstanding features such as conversation automation, question answering, automatic answer generation, and improved model self-learning capabilities.

2. Content of the study

Writing Part 3 of the Vietnamese Foreign Language Competency Framework

Students have 2 options: write a story with a suggested first sentence or write an informal letter of 100 words in length, requiring 4 criteria: content, communication. (communicative achievement), organization and language.

Example:

This is part of a letter you receive from an English pen friend.

I've just bought some new trousers. They're black and I really like them. Tell me about the clothes you like wearing. Do you enjoy shopping for clothes?

Now write a letter to your pen friend about

clothes.

2.1. Develop ideas and how to develop your essay

ChatGPT will help students create a series of ideas to easily develop their essays.

Suggest some ideas to write an essay about this topic I've just bought some new trousers. They're black and I really like them. Tell me about the clothes you like wearing. Do you enjoy shopping for clothes?

ChatGPT

2.1.1. Personal Style and Preferences:

- Start by describing the trousers you bought in detail—what material are they made of, what features do they have, and why you like them.

- Discuss your overall style preferences. Are you someone who prefers comfort over fashion, or do you like to make bold fashion statements with your clothing choices?

2.1.2. Favorite Clothing Items:

- Talk about other favorite clothing items you have and why they are special to you. This could include anything from a favorite pair of jeans to a cozy sweater or a stylish dress.

- Describe how these items make you feel when you wear them. Do they boost your confidence, make you feel comfortable, or help you express your personality?

2.1.3. Shopping Habits and Experiences:

- Share your thoughts on shopping for clothes. Do you enjoy browsing through stores or prefer online shopping? What factors influence your decision when buying new clothes?

- Reflect on memorable shopping experiences—

whether it's finding a perfect item unexpectedly or shopping with friends or family.

2.1.4. Fashion and Self-Expression:

- Explore the idea of how clothing is a form of self-expression. How do your clothing choices reflect your personality, mood, or cultural influences?

- Discuss any role models or fashion influences that inspire your style.

2.1.5. Environmental and Ethical Considerations:

- Consider discussing sustainability in fashion. Are you mindful of where your clothes come from and how they are made?

- Share any efforts you make to support ethical fashion practices, such as buying from sustainable brands or choosing second-hand clothing.

Students can use the following syntax to have ChatGPT suggest suggestions:

Suggest some outline to write an essay about this topic [I've just bought some new trousers. They're black and I really like them. Tell me about the clothes you like wearing. Do you enjoy shopping for clothes?

ChatGPT

4. Introduction of Chat GPT

- Brief introduction to the topic of clothes and personal preferences.

4.1. Description of the new trousers

- Describe the new trousers (color, style, material).

- Explain why you like them (comfort, fit, style).

4.2. Your favorite clothes

- Discuss other favorite clothing items you enjoy wearing.

- Describe their colors, styles, and what makes them special to you.

4.3. Shopping for clothes

- Share your feelings about shopping for clothes.

- Discuss whether you find it enjoyable or challenging.

- Mention any preferences you have when shopping (physical stores vs. online, specific brands, etc.).

5. Conclusion

- Summarize your thoughts on clothes and shopping.

- Reflect on how your clothing choices reflect your personal style and preferences.

This outline will help you structure your thoughts and ensure you cover all aspects of the topic effectively.

5.1. Expand vocabulary related to the topic

If we want to know the usage of a word, we use:

Explain the usage of the word [vocabulary]

Explain the usage of the word tradition

5.2. ChatGPT

The word "tradition" refers to beliefs, customs, practices, or stories that are passed down within a society, group, or family from one generation to the next. Traditions often carry cultural significance and are considered important in maintaining a sense of identity, continuity, and solidarity among people.

Overall, "tradition" encompasses a wide range of cultural, social, and personal practices that contribute to identity, community cohesion, and the preservation of heritage across generations.

5.3. Sample writing

Cambridge PET Writing Part 3 [topic]

Cambridge PET Writing Part 3 I've just bought some new trousers. They're black and I really like them. Tell me about the clothes you like wearing. Do you enjoy shopping for clothes?

ChatGPT

Dear [Friend's Name],

I hope you're doing well! I recently picked up a pair of new trousers that I absolutely adore. They're this sleek navy blue color and fit perfectly—I couldn't be happier with them.

When it comes to clothes, I tend to lean towards comfortable yet stylish pieces. My favorite outfit usually involves a cozy sweater paired with jeans or those new trousers. I find that simple, classic designs work best for me.

As for shopping for clothes, I have a bit of a love-hate relationship with it. On one hand, I enjoy browsing through stores and finding unique pieces that catch my eye. It's exciting when you come across something that matches your style perfectly. On the other hand, shopping can sometimes be exhausting, especially when you can't seem to find what you're looking for or when the stores are crowded.

How about you? Do you enjoy shopping for clothes as well? What are some of your favorite pieces in your wardrobe right now? I'd love to hear about them!

Take care, [Your Name]

Make sure to include personal details and your feelings about clothes and shopping to make your response engaging and relevant to the prompt.

Using CHATGPT to improve writing..... (tiếp theo trang 93)

5.4. Benefits of using GPT Chat to improve level 3 essay scores

- Support developing ideas and creating diverse outlines.
- Develop paragraphs according to the specific structure required.
- Learn vocabulary according to assigned topics.
- Evaluate and get advice on improving scores.
- Check and edit grammatical errors.
- Paraphrase long sentences correctly
- Refer to sample papers to better understand writing style and text structure.

6. Conclusion

Through this article, we have learned in detail how to use ChatGPT to learn writing at level 3. It can be seen that ChatGPT is an effective tool. ChatGPT enhances learning capabilities, supports personalized learning, improves feedback and assessment, and facilitates continuous learning and discovery of new knowledge. However, this tool still has many limitations and can cause unwanted consequences that you need to be aware of when using it. Using ChatGPT as a learning tool at level 3 can significantly enhance your writing skills. By leveraging the advanced capabilities of ChatGPT, we can get constructive feedback on your writing style, grammar, and structure. Use this feedback to refine

and improve your drafts. We can also discover new words and phrases to enrich our writing. Besides, it can experiment with various genres and styles by analyzing examples generated by ChatGPT. And also, ChatGPT can engage in regular writing exercises using prompts provided by ChatGPT. This practice can help you develop creativity and improve your writing fluency.
